## verse 1

We need a helper  
Someone to bring to mind the promises you've  
made

We need a friendship  
The kind that sees it all but loves us  
anyway

We need a counselor  
That's full of wisdom, speaking only  
what is right

I need the Spirit  
Of the Savior, who brings dead things back to  
life

## chorus

Holy Ghost helper, Holy Ghost friend  
Holy Ghost come and light the fire again  
Holy Ghost power, Holy Ghost move  
Holy Ghost we want more and more of You

## verse 2

We need the presence  
Of the anointed one residing in our hearts

We need conviction  
To purify and make us holy like you are

So let your spirit, lead us through  
Into power, into truth  
Reveal your word and make us new  
We want more of you

## chorus

## tag

Light the fire again, Come and light the fire again  
Light the fire again, Light the fire again

## bridge

Stir something up in Your people  
The wonder of heaven revealed  
We're not afraid of the unknown  
We wanna live in the overflow
